Personal Profile

BCA student at Kathford International College with hands-on experience building responsive web applications using HTML, CSS, Javascript and React. Familiar with modern frontend practices and passionate about creating clean, user-friendly interfaces. Seeking a Frontend Developer Intern role to gain real-world experience.

Project

ProConnect – Professional Networking Web Application 2024 – 2025

- Developed a full-stack networking platform with user profiles, connections, and project showcase.
- Built the frontend using React.js with reusable components and responsive UI.
- Used MongoDB for database management and storing user profiles, posts, and connections.
- Features include user profiles, connections, likes, comments, and project portfolio showcase.
- GitHub: <https://github.com/aayushduwal/ProConnect> — Live: proconnectapp.vercel.app

E-commerce Website 2023 – 2024

- Developed an e-commerce website with authentication, product listings, and cart functionality.
- Built an e-commerce website with product listings, authentication, and shopping cart features using modern web technologies.
- Integrated MongoDB as the database for efficient storage and retrieval of application data.

Portfolio Website 2022 – 2023

- Designed and developed a responsive personal portfolio to showcase projects and skills.
- Built responsive UI using React.js, Next.js, and Tailwind CSS with component-based architecture.
- Ensured mobile-first design and cross-browser compatibility.
- GitHub: <https://github.com/aayushduwal/portfolio> — Live: <https://aayushduwal.com.np/>
